# premium wines by the glass

George's is excited to offer the following selections of premium wines by the half glass or full glass. The quality of the wine is preserved by using a Coravin which inserts a hollow needle through the cork. The wine is displaced with argon, an inert gas, that allows the wine to continue to age in the bottle when the needle is removed and the cork reseals itself.

## Raveneau

/ **Domaine Francois Raveneau**

The most sublime and celebrated estate of Chablis, the wines of Domaine Raveneau are a rare find—exceptional because the vineyard holdings are almost entirely made of grand cru and premier cru fruit, painfully finite as so few are produced, outstanding because of their tremendous quality and consistency, and unusual given the modesty of the vignerons who create these world-class wines.
